Dear Fall 2021 participants,

Are you wondering what the heck AlertTraveler is? Well, here you go. It helps keep you safe while traveling. This system will keep you informed of critical events that may impact you while abroad and will allow Whitman to better assist you in the event of an emergency.

You will need to complete some important tasks in order to activate Alert Traveler. Take the time now to watch the videos below and download the Alert Traveler app. Then you'll be good to go!

One last thing, AlertTraveler can only be activated if you are within **30 days** of your travel.

Click on the links below to learn more:
